

OGC HAS REVIEWED.

*26 June '51*

Mr. Houston:

25X1A

[ ] (Procurement Office, [ ]) called me and said Mr. Wolf now has a revised memorandum and a revised list of standard equipment which will supersede the attached.

The new memorandum will state in the first paragraph that the memo of 5 Feb to Procurement fr DD/A is superseded by the new one and the new list will have an addition of about 20 to 40 items.

25X1A

Mr. Wolf has asked someone from Procurement to brief him on the background before he signs the authorization. [ ] said it was the feeling in Procurement that you were the one to brief Mr. Wolf if it would be agreeable to you.

25X1A

Procurement is pressing DD/A's office for the release of this memorandum, so would appreciate the briefing to be done as soon as possible.

25X1A

I told [ ] we would call him back and let him know.

MLS

*Talked to Wolf  
22 June. Notified  
[ ] 25 June.*
